BASIC VOTER GUIDES AT LIBRARIES

Easy Voter Guides are now available in English and Spanish at all Fresno County libraries. Chinese, Korean and Vietnamese guides are also available in limited quantities at some libraries.

The publication provides basic non-partisan information about registering, voting and elected offices. It also gives non-partisan background on candidates, political parties and propositions.

The Guide is a collaboration of the League of Women Voters of California and the California State Library. For more information, the public should contact their local branch library or visit easyvoterguide.org.
