MANAGER OF BRANCH SERVICES NAMED

Terry Sterling has been named Principal Librarian serving as Manager of Branch Services for the Fresno County Public Library. Sterling begins her new position February 4.

Prior to her appointment, Sterling served as a Supervising Librarian in Support Services, managing the Collection Development division. She has more than 30 years of experience in branch management, collections and library administration.

The Fresno County Public Library provides services at 34 branch locations countywide. Voters last year approved renewal of a sales tax that extended funding for library improvements through 2029.
