2) Introductions: None.

3) Adoption of Agenda: Motion to Approve Agenda as is Pruess: Second: Speechly.

4) Approval of January 22, 2020 Minutes. Motion to Approve Minutes as is Poptanich; Second: Ikeda.

5) Coalinga Librarian – Mary Leal.
   - Library services through Covid -19, we started with closed to staff and patrons, then went to open for staff only and they worked in their pods with safety protocols in place. Our next step was curbside delivery then added computer use only, and we are still there. We do have opening guidelines in place, and they have been approved by our Board of Supervisors.
   - Programming is limited we have Take Home Crafts for children, Storytime is virtual now. Summer Reading is in the planning stage and there will be one. We are hosting a Virtual Photo Contest for the first time. Staff is working on Digitizing Newspapers.
   - Repairs to roof at Coalinga needed repair had to get two bids, one was local but much higher.
   - Audit Report will be provided by Jeannie.
   - Received a Copycat Grant in the amount of $10,400. We used it for a CODABLE Robot Greeter, Nathan is working on it. It was through the Library Services Technology Act.

6) County Librarian – Raman Bath.
   - Gave update on how services went at start of the Covid pandemic to present. There have been many stages, and everything depends on the Department of Health and the CAO for approval. Many moving parts to keeping public and staff both safe. We are open for curbside and certain days now to come inside. The services are still limited inside, 1 hr. stays, no restrooms and no meeting rooms are available. We have been fortunate that no employees have contracted Covid at work locations. We have had many on teleworking, but many cannot, and we are closing the gap on teleworking and leaning towards more open hours and services. We are slowly approaching 4 days a week for inside service. Staff shared that curbside is very labor intensive. It has been slow with the public coming back.
   - We have taken the time to bolster our infrastructure inside and outside of facilities. Fig Garden is going to start moving along, Covid held up permits.
   - We have offered online programming it is not ideal but better than nothing. We are working on our Summer Reading Program now and using a lot of
same vendors as last year. Bob Speechly commended the library with the services, and you are doing a great job, and much appreciated.

- Jim Poptanich gave an update on the FOL at Fig Garden and stated they will be ready to help in buying furniture for the new remodel of Fig and glad that it will finally get started. Jim also stated how happy everyone was with the addition of James Tyner to staff at Fig Garden. Debbie Ikeda inquired on Clovis. Raman gave information as to how the construction will go. There was a Groundbreaking last week for the Transit Hub and Senior Activity Center. The Library will be built last. Due to the size of the area and certain City/County procedures that is how we have landed.

- Jim Poptanich requested that attendance for last year go by the wayside, and everyone agreed since they had not met since last January. Jim went over the terms of the Panel, and that they should go ahead and work towards normal procedures this next year. The Panel will start meeting through Zoom again quarterly. They will meet in June and bring forward the letter to go to BOS.
